

Call of Witness & Virginia Lawyer on Paul Barresi, Media Reporters, Jury Trial Strategy, Depp v Heard Virginia UK trials - Nov 3 2020

Speaker1: [00:00:00] How's it going?

Speaker2: [00:00:01] Well, I don't know if you guys have gotten hip to it yet, but, man, I've gone public.

Speaker1: [00:00:08] But yeah, I haven't seen it yet. All right. Where is it published?

Speaker2: [00:00:12] Well, right now it's all over Twitter.

As soon as this election is over, I've got every magazine you could possibly imagine. I mean, there's a scandal that's so much even bigger than the whole Johnny Depp thing.

There's Paul Barresi, there's Mark Ebner, there's there's AJ Benza bro. I got them all. Bribes, extortion, blackmail.

Wow. These guys are threatening to kill me.

Jesus Christ. Yeah. This is not man, this was a conspiracy against Johnny like you would not even believe.

Are you still his lawyer?

Speaker1: [00:00:51] Yeah, absolutely.

I'm the lawyer in Fairfax. Okay.

He obviously lost the London case, but he was represented by a firm called Schillings.

Speaker2: [00:01:01] Okay.

Speaker1: [00:01:02] I know they're appealing, but we're I'm representing him in Fairfax and our case goes to trial on May 17.

Speaker2: [00:01:11] All right. Well, I'm pretty sure I don't know how you guys work it, but I'm pretty sure it's going to be a moot issue by then because when you see I mean, I

wish I could meet with you and show you all the shit I have on these guys. I mean, straight up and I'm posting it right on Twitter.

Speaker1: [00:01:26] Yeah, well, I will. So. So it's on from your Twitter account.

Speaker2: [00:01:30] Yeah. And check this out. I created my Twitter account. I don't really understand all these statistics and shit, but but there's a whole controversy with Corey Feldman right now.

When Johnny when Johnny hears about that, I don't think he's going to be too happy. Corey, what's going on with that? Corey Feldman went on Twitter and he posted some comments that I.

Meaning me killed the River Phoenix and that we were running a satanic cult out of the Viper Room.

He posted he posted a whole series of comments like this. So what I did was very quickly, I got a hold of his publicist and I told her, we've got a serious problem.

I'm going to sue. I'm going to file a lawsuit against Corey Feldman in 24 hours.

I went to Don Ray to hire him.

And there's so many different dynamics to all of this you wouldn't even believe. I don't think you really know who I was, but make a long story even longer. I'm not filing the lawsuit because there's no assets whatsoever. It's got judgments up there. So basically what I did was I pressured him.

I put a lot of pressure and he published his sent me over a retraction that he was supposed to post. I don't give a shit about his retraction, but bottom line is, he was supposed to post this retraction.

15 minutes later, he posted something that was not what we agreed to, and then he took it down immediately.

I got Corey Feldman for the first time, admitting that he's a bullshit artist and a liar. He accused me and Johnny and the Viper Room of being a satanic cult.

And you, me bitch. Albertini killed River Phoenix. We get. Yeah.

And this is all happening right on Twitter.

Speaker1: [00:03:16] Yeah, well, I need to look at that. You may have a defamation action, but again.

Speaker2: [00:03:21] There's no there's no assets there.

Speaker1: [00:03:24] Yeah, then there's no point.

Speaker2: [00:03:25] Mark Ebner is threatening me.

Mark Ebner is involved in something even bigger than this.

But Mark Ebner has a boner against Johnny because Johnny threw him. Well, I don't know if Johnny did it. He was thrown out of the Viper Room one night.

This guy, Mark Ebner, has taken it so personal and he's bantered with Paul Baressi, his real good buddy, who he's helping cover up the death of that transgender.

Which, by the way, I've been to the police about that.

Yeah. There's an official report that's in the works.

So now what's happening is Mark Ebner and Paul Baressi went on a rampage trying to get dirt.

They offered me huge amounts of money if I would connect Johnny to Anthony Fox.

Mm hmm. I never met Anthony Fox. I don't know. I don't know anything about Anthony Fox.

But these guys are willing to pay me a bundle to make a statement.

Who's behind all of this?

Andy Tillett over at American Media and Marty Singer in Beverly Hills.

Speaker1: [00:04:31] Really? Yep. Why did they have such a hard on for time? I mean, I know. I know Marty Singer doesn't like.

Speaker2: [00:04:38] Well, it's more about it's more about the fact that Paul Baressi was hired by Marty Singer to kill that transgender.

Speaker1: [00:04:46] Yeah.

Speaker2: [00:04:48] So there's so much shit going on here right now, and I'm in the middle of all of it. There's a little army, and we're just then. Seriously? Help me get this. I don't want to deal with any of these tabloid assholes. I'm pretty close to being on Fox. I've got so much support. I got the Gotti family supporting me. I got I got born again Christians. I mean, when you see my Twitter page, it's going to blow your mind. I got MAGA behind us. I got the proud boys behind us. I've got criminals that were sworn to want to kill each other now willing to work with each other. I don't know if you know

about the new series and Anthony Pellicano. I'm in touch with everybody. Wow. Anthony Pellicano has a huge, huge, huge interest in Paul Baressi being exposed. Yeah. Here's you got a very big and I spoke to Don Ray Anthony Pellicano's lawyer, who was also my lawyer, Anthony Berkley's lawyer. Which Anthony, you know, maybe you don't know. He's no longer with us. So I'm up to my ears. I got true crime reporters. I got the world right now reading everything I say. So many people were reading it. You're ready for this? I got banned from Facebook. Holy cow. Yeah. I mean, I'm naming people. Yeah. And I don't know what's going on with you guys. I just wanted to let you know what's happening here.

Speaker1: [00:06:17] If you have a appreciate, I appreciate it. Well, now we got to be in closer contact because I was over in London prepping Johnnie for his deposition, which is going to take place next week in Fairfax County. He's over there shooting the movie. I came back before the decision came down.

Speaker2: [00:06:36] How did he lose?

Speaker1: [00:06:38] You know, I don't know. I wasn't at the trial. I you know, his lawyers had showings, told him, you know, that he was going to win.

Speaker2: [00:06:47] Well, they do things much differently in England, right?

Speaker1: [00:06:50] Yeah, it's totally different. It was before a judge. We have a jury in Virginia, right? I think that'll be I think that'll make a big difference. They don't allow expert witnesses in in London, at least his lawyers didn't use them. Right. We're going to we're going to use them in Fairfax because we're going to be able to have experts who can look at the pictures, the photographs that she has of her allegedly injured face. Right. And they can determine that face or that's real because they have the technology. And that didn't happen in London for whatever reason. And so, you know, I you know.

Speaker2: [00:07:28] Yeah, but it isn't the case in Virginia strictly about defamation versus those pictures even really matter at this point.

Speaker1: [00:07:37] Well, they do because she said that, you know, he hit her. And these pictures, you know, the bruises under her eye, you know, allegedly were from Johnny. We know that they weren't. Do we think our expert can say and I think I think that's powerful information to a jury to say, look, if she faked photographs, he can't believe anything she says.

Speaker2: [00:08:00] Right, right, right.

Speaker1: [00:08:02] What are the odd things about the judgment and and England and I admit I haven't read it all. It's 100 plus.

Speaker2: [00:08:09] Pages. Wow.

Speaker1: [00:08:11] I've only seen a summary, but. As I understand that the judge found that 12 or 14 of her claims were true and two of them were false. Right. And to me, that just seems odd, because if I'm telling the truth and I say, Richie beat me up 12 times.

Speaker2: [00:08:30] Right.

Speaker1: [00:08:31] And and then.

Speaker2: [00:08:35] Right.

Speaker1: [00:08:37] Two times. You know, I lied about it. That just seems inconsistent. I mean, it seems to me that I'm telling the truth that Ritchie beat me up 12 times. Why would I lie, if you know what I.

Speaker2: [00:08:50] Mean, right? Exactly. Exactly.

Speaker1: [00:08:53] In her case, one of them wasn't a hint. It was a rape.

Speaker2: [00:08:58] Oh, my God.

Speaker1: [00:08:59] Yeah, she. She accused him of raping her, essentially. And the judge said, no, I don't believe that happened. Well, wait a minute. If a woman is going to lie about rape, how can you possibly believe her? About getting hit, which is bad. I mean, terrible. We would never do it, right. I mean, it just seems to me inconsistent. Now, whether that's a basis for appeal, I don't know. I'm not a British.

Speaker2: [00:09:25] Right. Exactly. Exactly.

Speaker1: [00:09:28] But it's just as a just as an American lawyer, as the layperson, it just seems inconsistent. Either either Amber is lying.

Speaker2: [00:09:36] Which we think she is. Of course she is.

Speaker1: [00:09:39] Or she's telling the truth about everything. You can't you can't have it both ways. And I don't think a jury is going to see it that way. I think if we can show a jury. That she lied about some things and that she doctored photographs. I mean, how can they believe her about anything else?

Speaker2: [00:09:56] I bought that. She's got hitmen working for her, trying to gaslight Johnny into jumping off a roof of a building. Jesus. Yeah.
That's that's what they've got going on. And here's the other interesting caveat to all of this. And this is why this is gaining so much attention. Paul Morrissey essentially worked for Robbie Kaplan. Robbie Kaplan is now going after the president of the United States for Jean Carol.

Speaker1: [00:10:25] That's true.

Speaker2: [00:10:26] Now now it's a problem that she's got a known hitman who, by the way, it's not just the transgender anymore.
This man is calling me two weeks ago in front of a completely independent witness. He admitted to us that he killed two more people, comedian, actor Paul Lynde and comedian actor Paul Lynde. Boyfriend.

Speaker1: [00:10:48] Oh, my God.

Speaker2: [00:10:49] This is the guy that the MeToo movement got running around, and he's now alluding to the fact that he was playing both sides of the fence and he had to deal with Adam Waldman. And that's why he went on record saying that he found nothing dirty in the Johnny Depp case.

Speaker1: [00:11:05] Oh, boy.

Speaker2: [00:11:06] So there's a lot of information flying around out there. And, you know, we should stay in touch, obviously. You know who should really be in touch with me is whoever Johnny's publicist is today, because there's absolutely no reason for him to be going through the mud like this when Amber is just obviously so calculating and manipulative. She's hiring people to try to link Johnny to a who knows if it's even a murder. The guy might even still be alive. He's just missing. And then. Then they're calling him a rapist. They're out to get them and they're getting them because all these tabloids and tell it, Howard, Danny, they're all working together. To destroy Johnny.

Speaker1: [00:11:55] Yeah, well, we're not going to let that happen. And let's keep in touch, Richie. And if you get in any. If you need any help from us, let me know.

Speaker2: [00:12:04] I need help. I need help. I'm in serious trouble. I'm off the grid. These people are coming after me.

Speaker1: [00:12:11] And you have you have talked to the police?

Speaker2: [00:12:13] I have spoken to the police. There's three police reports filed as far as threats. One of them is against AJ Benza. Two of them are against Mark Ebner. The whole Paul Baresi thing. I'm working with the detective over there by the name of Sam Morello and basically where we got and this is this is the God's honest truth. I can put you in touch with him. He told me we're having a little bit of trouble from upstairs. He should go public with this as soon as you possibly can.

So you are. I'm trying. Good.

The election. The election is overshadowing things a little bit.

I know that The Sun. There's a woman from over there at The Sun that promised me.

She's calling me back tomorrow.

I got Megan Fox. Who? She's the woman who wrote the book. It's originally if you look at the title, it says Believe women. And then that's crossed out and it says Believe evidence. She's a heart. She's hardcore.

Speaker1: [00:13:11] And I know I mean, I don't know her, but I've seen her.

Speaker2: [00:13:14] Oh, I know her very well. I'd be happy to introduce you because she's got every single document. She's been with me since the beginning. She's got everything in her Dropbox because we're going to write about this.

Speaker1: [00:13:26] Well, if you could maybe send me her contact information, that would be great.

Okay, well, good. Well, let's keep in touch and stay safe. Richie.

Thank you for calling, Ben.

Speaker2: [00:13:36] I'm telling you, please keep in touch, because I don't know what's happening next.

Speaker1: [00:13:41] All right. I will keep you in the loop. Bye.

Speaker2: [00:13:43] And Corey Feldman. Corey Feldman. Johnnie, I think yours attorney. I mean, you would know better than me.

He should be aware that this kid is on Twitter accusing us of killing River Phenix.

Speaker1: [00:13:55] All right. I will I will get right on that.

Speaker2: [00:13:57] Okay. Very good. Thank you so much.

Speaker1: [00:13:59] Thank you. All right, Ben. Well, you.

Speaker2: [00:14:02] Say bye bye.
