He would leave cuts on her arms and legs, but not her face, since she was a model.

She would wake up to being tied and raped on a bed in pain. The violence was being hidden beneath sex and sexual relations.

He would show videos to her of people killing themselves, and says all of the women who were tortured by Manson were pushed into killing themselves. It was brainwashing that she wasn't worth more. These abusers show hate, torture, 'love,' and insults at the same time, which ruins their partners that they cannot ever leave or are worth more.

Ashley Morgan Smithline states Marilyn Manson told her he harmed animals as a child. In her 3 year relationship with Marilyn Manson she was tortured. She has scars with his initials in her legs.

injuring even Asher Reed and some others (who had been marks and scars on her back from the first torture that was hidden under abusive sex), Ashley Morgan Smithline bravely stands up to prevent this from happening to other women.

But at the same time, disinformation operations and social bots are starting, as seen on the video with the likes, thick insulting comments on the youtube video and the same comment using different accounts '--- is base and redpilled' under People's twitter post. For years, since 2019, Marilyn Manson's best friend Johnny Depp has used Adam Waldman for Disinformation Operations using social bots with tens of thousands of new accounts against Amber Heard.
