Hey love. What's the word? How are you feeling?

What is going on there? I am concerned about you both. I can only address what I was told because I did not witness what happened between you two. I am glad you are working it out. Hang in there and deep breaths.

I know you are both sad and upset....use your love for one another to help work through it.

It was more about that my head was injured. J's big thing is that he didn't "do anything" and then I said that many people were witness to the results (physically and psychologically..... He said "oh yeah call Erin then" That kind of thug

*thing

Sorry about that

Oh boy. And how are you guys doing now? Were you able to talk through it?

Hey lady. I'm just concerned about you. What ended up happening? Are you still in LA? Did you sleep at all? Love you

Sorry to stalk you, I've just been worried...I'm not sure if you'll get this but if you do can you just give me a thumbs up/down to let me know how you are? Xo
